

# **AORAKI** POLYTECHNIC NEW ZEALAND

INTERNATIONAL PROSPECTUS 2011 - 2012

## Welcome from the Chief Executive

### Welcome to Aoraki Polytechnic

Greetings to you all.

I would like to personally welcome you to Aoraki Polytechnic. We are delighted you have chosen to study at Aoraki Polytechnic where we have qualifications and learning support designed to ensure your success.

Aoraki Polytechnic offers high quality education and training which is reflected in the excellent employment outcomes of our graduates. The programmes offered by Aoraki Polytechnic are vocationally orientated and have been developed in collaboration with industry. They will equip you well for employment and provide a firm foundation for future study. Our staff are here to provide a service to you and to facilitate your learning.

The future is yours and education is your pathway to success. I am confident you will enjoy your studies with us. My staff and I are here to assist you in growing your knowledge and meeting your desired outcome.

Stretch out and grow.

**Kay Nelson MBA**  
Chief Executive

# WELCOME

## 欢迎

奥拉克理工学院欢迎你

大家好

我借此机会欢迎你来到奥拉克理工学院。我们非常高兴你选择来奥拉克理工学院学习，本校设有学历课程和学习支持设施，来保证你学业成功。

奥拉克理工学院提供高质量教育和培训，这些反映在本校毕业生优秀的就业记录上。奥拉克理工学院开设的课程为职业定向培养，已与行业发展出合作关系。这些课程将使你做好就业准备，并为进一步深造打下坚实的基础。本校的教职员工为你提供服务，为你学习提供便利。

未来是你们的，而教育是通往成功的途径。我相信你会喜欢在本校学习。我们的教职员工和我本人都乐意帮助你增长知识，达到你所期望的结果。

伸开双臂，健康成长。

凯尼尔森 工商管理硕士  
执行总裁

## Bienvenue

Bienvenue à Aoraki Polytechnic

Bonjour à tous

Je tiens personnellement à vous souhaiter la bienvenue à Aoraki Polytechnic. Nous sommes ravis que vous ayez choisi d'étudier dans notre université, où nous mettons tout en œuvre pour assurer votre réussite, aussi bien par le biais de nos programmes que grâce à notre assistance pédagogique.

Aoraki Polytechnic propose des formations et des enseignements de qualité qui se traduisent par d'excellentes opportunités d'emploi pour nos diplômés. Les programmes offerts à Aoraki Polytechnic sont à vocation professionnelle et ont été élaborés en collaboration avec l'industrie. Ils vous prépareront à votre entrée sur le marché du travail et vous permettront de construire des bases solides si vous souhaitez poursuivre vos études. Notre personnel est à votre disposition pour vous aider et pour faciliter votre apprentissage.

L'avenir vous appartient et l'éducation est la clé de la réussite. Je suis convaincue que vous aimerez étudier dans notre université. Mon personnel et moi-même sommes à votre entière disposition pour vous aider à développer vos connaissances et à atteindre vos objectifs.

Prenez votre destin en main et donnez-vous tous les moyens de réussir.

Kay Nelson MBA  
Directrice

## Willkommen

Willkommen beim Aoraki Polytechnic

Seien Sie herzlich begrüßt.

Bei dieser Gelegenheit möchte ich Sie gerne persönlich beim Aoraki Polytechnic begrüßen. Wir freuen uns sehr, dass Sie das Aoraki Polytechnic als Studienort gewählt haben. Unsere Ausbildungen und Lernbetreuung ist ganz und gar darauf ausgerichtet, Ihnen zum Erfolg zu verhelfen.

Das Aoraki Polytechnic verfügt über ein erstklassiges Ausbildungs- und Trainingsangebot, was sich auch in der hohen Beschäftigungsrate unserer Absolventen widerspiegelt. Die Ausbildungsprogramme des Aoraki Polytechnic sind berufsfieldorientiert und sind in Zusammenarbeit mit der Industrie entwickelt worden. Sie bereiten Sie optimal aufs Berufsleben vor und bilden eine solide Grundlage für ein weiteres Studium. Unsere Mitarbeiter stehen Ihnen jederzeit unterstützend beiseite und sind dazu da, Ihnen das Lernen zu erleichtern.

Die Zukunft gehört Ihnen und Bildung ebnet Ihnen den Weg zum Erfolg. Ich bin der festen Überzeugung, dass Ihnen das Lernen bei uns Freude machen wird. Meine Mitarbeiter werden Ihnen helfen, Ihr Wissen zu vermehren und das von Ihnen angestrebte Erfolgsziel zu erreichen.

Entfalten Sie Ihr Potenzial mit uns.

Kay Nelson MBA  
Chief Executive

## 歓迎の言葉

アオラキポリテクニクへようこそ

ご挨拶いたします

アオラキポリテクニクへようこそ。私個人からも歓迎いたします。皆さんが当校アオラキポリテクニクを選んでくださったことを嬉しく思っております。当校では皆さんが目標を達成できるよう、学習サポートおよび各種資格を提供しています。

アオラキポリテクニクでの質の高い教育と実習により卒業生はすばらしい就職先を見つけています。アオラキポリテクニクのカリキュラムは、雇傭訓練を重視し、産業界と提携して開発されたもので、就職に役立つスキルやより高位の教育を受けるために必要な基礎を身につけることができます。そして、私どもスタッフは、皆さんの学習を支援・奨励していきます。

未来は皆さんのものであり、教育が成功への道です。皆さんが当校で楽しく勉強されると確信しております。スタッフ一同、皆さんが知識を増やし、夢を実現されるよう、応援いたします。

さあ、未来へと羽ばたきましょう。

ケイ・ネルソン 経営学修士  
最高責任者

## 환영

아오라키 폴리텍에 오신 것을 환영합니다

안녕하세요

저는 여러분이 아오라키 폴리텍에 오신 것을 개인적으로 환영하는 바입니다. 학생들이 공부할 수 있도록 필요한 모든 조건을 갖추고 학습 지도를 하는 아오라키 폴리텍에서 여러분이 공부하기로 선택한 것을 기쁘게 생각합니다.

저희 졸업생들의 우수한 취업률이 일해 주듯이 아오라키 폴리텍은 수준 높은 교육과 실습을 제공합니다. 아오라키 폴리텍이 제공하는 프로그램은 실제 현장에서 일하게 적용할 수 있도록 산업계와 협력하여 개발되었으며, 여러분이 일하는 데 필요한 지식과 기술을 충분히 갖추게 하고 진학에 필요한 확실한 기초를 쌓게 해 줍니다. 저희 교직원들은 여러분을 위하여 훌륭한 서비스를 제공하고 여러분의 학습을 도와드릴 것입니다.

미래는 여러분의 것이며 교육은 여러분이 성공에 이르는 관문입니다. 여러분이 저희 학교에서 공부하는 데 만족할 것으로 저는 확신합니다. 저희 교직원들은 여러분이 지식에 앞서 소기의 목적을 달성할 수 있도록 도와드릴 것입니다.

함께 노력하여 목적을 이루시기 바랍니다.

케이 넬슨 MBA  
최고 경영 책임자

## Bem-vindos

Bem-vindos à Aoraki Polytechnic

Saudações a todos

Gostaria de pessoalmente dar-lhes as boas-vindas à Aoraki Polytechnic. Ficamos muito felizes pela sua escolha de estudar na Aoraki Polytechnic, onde oferecemos cursos e apoio à aprendizagem planejados para garantir o seu sucesso.

A Aoraki Polytechnic oferece educação e treinamento de alta qualidade que se reflete em excelentes oportunidades de emprego para os alunos formados. Os programas oferecidos pela Aoraki Polytechnic têm orientação vocacional e são desenvolvidos em colaboração com a indústria. Eles preparam os seus alunos muito bem para o mercado de trabalho, fomentando também uma base sólida para estudos futuros. O nosso quadro de funcionários está à sua disposição para prestar assistência e orientar a sua aprendizagem.

O futuro é seu e a educação é o caminho para o sucesso. Tenho certeza de que vocês aproveitarão os seus estudos. A nossa equipe e eu estamos aqui para ajudá-los a investir no seu conhecimento e a atingir os seus objetivos.

Invistam no seu potencial para crescer.

Kay Nelson MBA  
Diretora Executiva

## Bienvenidos

Bienvenidos al Politécnico de Aoraki

Saludos a todos

Tengo el placer de darles personalmente la bienvenida al Politécnico de Aoraki. Nos complace que hayan optado por estudiar en el Politécnico de Aoraki, donde ofrecemos los cursos y el apoyo al aprendizaje necesarios para lograr el éxito.

El Politécnico de Aoraki ofrece educación de alta calidad, que se pone de manifiesto en los excelentes resultados que han obtenido nuestros graduados al encontrar empleo. Los programas del Politécnico de Aoraki tienen un enfoque vocacional, y han sido elaborados con la colaboración del sector industrial. Los programas ofrecen una preparación óptima para el trabajo y constituyen una base sólida para futuros estudios. El personal del Politécnico les brindará sus servicios y facilitará vuestro aprendizaje.

El futuro les pertenece, y la educación es el camino hacia el éxito. Tengo la certeza de que disfrutará de sus estudios en el Politécnico de Aoraki. Los ayudaremos a enriquecer sus conocimientos y a alcanzar los resultados que desean.

Esfuézate y crece.

Kay Nelson MBA  
Directora Ejecutiva

# PATHWAYS

## Aoraki Polytechnic Pathways

Aoraki Polytechnic has a focus on providing students with the right combination of theory and practical skills to ensure successful careers and employment outcomes or pathways to further study. Most Aoraki Polytechnic programmes are vocational, which means they are designed to ensure graduates are ready for work and employment in their chosen career. Many of our programmes lead to employment in areas of skill shortage in New Zealand and around the world.

## University Pathways

Aoraki Polytechnic has arrangements with other polytechnics and universities for students who wish to continue their studies at degree level. Working with our partners, we offer a range of degree pathways to other New Zealand universities and institutes. Aoraki Polytechnic's agreement with these institutions sees Aoraki working closely to ensure people have direct access to Degree level-study upon completion of their studies with us.

### Art and Design Pathway

**Diploma in Arts and Media** 2 years  
*Aoraki Polytechnic*

- Incorporated in the Diploma in Information Systems Development

# CAMPUS LOCATIONS

Timaru Gardens

Aoraki Polytechnic services the central east coast region of the South Island, New Zealand.

There are five campuses located in Timaru, Christchurch, Ashburton, Oamaru and Dunedin.

Aoraki offers students a safe, secure environment to undertake study. Students who study at Aoraki Polytechnic will be in an environment where they are looked after by staff who care for the individual needs of each learner.

## Timaru

When you arrive at Aoraki Polytechnic in Timaru, you will find yourself in a scenic provincial city with a range of quality services to support your studies.

Timaru is a major port city in South Canterbury and home to Aoraki Polytechnic's main campus. Just 160km south of Christchurch and about 200km north of Dunedin on the eastern Pacific coast of the South Island.

Timaru offers a quiet, relaxed and safe family-oriented lifestyle close enough to bigger cities to enjoy the opportunities that offers.

Timaru has many cafés and restaurants. There are art galleries, festivals and live theatre, and a beach carnival. Lifestyle outdoor activities such as sailing in both the nearby sea and inland lakes and climbing and tramping in the Mt Cook National Park, home to New Zealand's highest mountain Aoraki Mt Cook. There are five ski and snowboarding fields nearby.

The region's economy is based on tourism, farming and manufacturing providing diverse and stable employment. Timaru prides itself on rural excellence, educational excellence, and agricultural exports.

Timaru Campus

## Christchurch

Christchurch is the largest city in the South Island and is alive with colour, atmosphere and world class attractions.

The Garden City boasts spectacular gardens and parks, architecture, history and a vibrant night life. It is a cosmopolitan centre with theatres, art galleries, cinemas and excellent opportunities for study.

**Aoraki Polytechnic has two campuses in Christchurch:**

The Moorhouse Avenue campus is located in the centre of the city, and has recently had a complete refurbishment featuring a TV Studio, a suite of beauty therapy rooms, and a radio station. The campus is centrally-located on bus routes, with heaps of free parking and just a short walk from the CBD.

The other is a specialist sport campus located at QEII Park - a top class sporting and recreational facility.

Christchurch Campus

## Dunedin

Dunedin is the student capital of New Zealand. The campus is centrally located in the heart of the city.

Dunedin is a vibrant city, founded by early Maori, Scottish pioneers and Chinese gold miners. It is packed with historic architecture, cafes, bars, art galleries, New Zealand designer fashion, and the world's steepest street. Lonely Planet ranked the day cycling journey from the city to the Otago peninsula as number one in the world.

Dunedin City

# CAMPUS LOCATIONS

Christchurch City

## Ashburton

Ashburton is a thriving rural town in one of New Zealand's strongest farming areas.

Only about an hour's drive south of Christchurch, it is close to main centres but offers a relaxed and safe lifestyle for families and professional people.

For those who like adventure, the wider region offers adventure tourism opportunities such as rafting, jet boating, heli-skiing and is home to one of New Zealand's main ski fields, the Mt Hutt Skifield.

A key to the success of the region is the large number of ethnic and multi-cultural groups who live and work in the dairy industry here, and in a strong and diverse export-driven economy.

## Oamaru

With its distinctly Victorian atmosphere reflected in local architecture and activities, Oamaru has been called the cultural and heritage capital of New Zealand.

It is the centre of a region that is also famous for wine and food trails, cycling activities with many trails, and Maori culture and art.

Driven by an economy centred on agribusiness, tourism, horticulture, and a cement works supplying New Zealand and international markets, Oamaru is an attractive family-oriented, safe, clean and unspoiled environment.

## TAILORED PACKAGES

Aoraki Polytechnic specialises in tailored education and training packages for groups. Let us assist you to design a tailored education or training package or develop a combination that includes your choice of New Zealand experiences.

We can design specific education or training packages for group of students, business people, or education specialists.

We can also combine education and training objectives with New Zealand experience packages for those who would like to experience the New Zealand culture, lifestyle or tourism opportunities while they are in New Zealand.

### Choose from a range of packages such as:

- English Language
- Vocational Tuition
- Lectures
- Seminars
- Work Experience
- Business Visits
- Day Trips
- Overnight Trips
- Visual Arts
- Experiences

One week New Zealand education experience trip – focussed on your group's specific education or training outcomes, this can include a mix of classroom theory, speakers and employer visits.

Three week education conferences – combining education and training objectives with culture, lifestyle or tourism opportunities, depending on your group's requirements.

Six month to 1 year tailored education and training packages – combining courses or qualifications, English language, use of specialist equipment, employer visits as well as New Zealand experiences, as required.

Choose from the following services to design your tailored education experience:

- English Language
- Vocational Tuition
- Lectures
- Seminars
- Work Experience
- Business Visits
- Day Trips
- Overnight Trips
- Visual Arts

(Leave list the same except put experiences on the end of Visual Arts and between Specific needs add education or training)

### Aoraki Polytechnic can also arrange:

- Delivery across the country
- Translation service
- Memorabilia
- Accommodation
- Cultural Events
- New Zealand experience

The Aoraki Polytechnic International department will develop a package for you. For further information please contact the International Manager directly: [international@auraki.ac.nz](mailto:international@auraki.ac.nz)

# FEES AND SERVICES

Fees for international students cover the programme fee for study. They also include services to help support your learning, arrival and time in New Zealand.

See the diagram explaining what the fee includes.

In addition, you are responsible for:

- Your accommodation costs while you are in New Zealand
- Your airfares to and from New Zealand

## YOUR INTERNATIONAL PROGRAMME FEE COVERS:

### Programme

- Course Costs
- Textbook Costs
- Service Levy
- ID Card
- Computer Login
- Extended Computer Access

### Student Support Services

- Inclusive education support
- Peer tutors
- Translation
- English tuition
- Counselling
- Community connections

## PLUS

### Facilities

- Library
- Café facilities
- Water coolers
- Computer rooms

# SERVICES AND FACILITIES

## Services

### Insurance

Our insurance provider covers all overseas students enrolled at Aoraki Polytechnic for Travel, Medical Expenses and Personal Effects, as per the requirements of the Code of Practise for the Pastoral Care of International Students.

### Airport Pickups

We will arrange friendly, reliable and experienced drivers to meet you at the airport, in either Timaru or Christchurch.

### Accommodation Placement

We will present you with two accommodation options that best suit your individual requirements. This is arranged before arrival. For more information about the accommodation selection and placement processes, please see the Accommodation section of this guide.

### Pastoral Care

Support and guidance for international students is a high priority and help is provided with Visa applications, accommodation, and monitoring and support of academic performance.

### International Student Monitoring

We keep regular contact with all international students to keep track of your success while studying with us. We can identify any support you may require in either academic or social aspects of life in New Zealand.

## Facilities

### Library

As part of your study you may use and borrow from the Aoraki library. The library supports your information and research needs by providing a wide range of resources including: helping you find resources, catalogue and online database, AV viewing, study areas, computing, printing and photocopying facilities.

### Café

The Timaru campus has a centrally located student café, which is a great place to meet other students. Here you can buy food, watch TV, or play games such as table tennis and foosball.

### Computer Rooms

Aoraki Polytechnic has computer rooms and computers in the library available to students. Access to computer rooms is controlled by the student ID card.

You will receive some disk storage and a weekly quota of internet access. Use of printers and photocopiers, including colour options, require printing credits that must be prepurchased.

### Specialist Facilities

Our vocationally oriented courses include a range of specialist equipment and facilities to ensure students are well prepared for employment. These specialist facilities include:

- Automotive, electrical, engineering and carpentry facilities for trades classes
- Commercial kitchens and a restaurant for cookery and service classes
- A farm with animals and fields for agriculture classes
- Beauty therapy clinics and 2 hair salons for beauty and hairdressing classes
- Film, radio, photography and animation studios for media classes

# SUPPORT

Aoraki Polytechnic's student support service, named Access Aoraki, is a place to find assistance with your study needs. Access Aoraki includes the following support:

## Peer Tutors

We can arrange a peer tutor to help with settlement, language and study issues. We try to arrange peer tutors that can speak your first language and have experience in your culture.

## Translation

Language software packages in your first language are available.

## English Tuition

Classes to improve your English, including conversation classes with English speaking students are held on campus.

## Equipment

Sound enhancement, magnifiers, ergonomic equipment, alternative seating arrangements, dictaphones and much more are available for use if required.

## Study Skill Sessions

For help with study skills, referencing and essay and report writing. Study Hubs can also be provided to assist groups of students needing help in a particular subject area.

## Counselling Service

A student counselling service is provided for help with personal problems.

## Student Profile

Jia Yi (Robbie) Ko  
Taiwan

"The support has helped a lot. Felicity gave me advice on learning support before and during my course to lift my level and is quick to help me through problems."

"Kerry has helped me to find my way around buildings and to find information."

"Carol helps about ideas and thinking. She is good to talk to about learning and life."

Robbie is studying English this year and hopes to do business accounting next year.

"The best thing about Aoraki is the chance to talk with people from a different country and learn the culture. I have also been able to improve the level of my speaking. Everyone is very kind and friendly."

# ACCOMMODATION

## Accommodation

Aoraki Polytechnic offers a range of accommodation options for international students studying at Aoraki Polytechnic.

### Accommodation placement service

We will arrange your accommodation, and find the best option for you before arrival.

We will ask you about your needs and provide at least two options for you to choose from that are most suitable.

Once confirmed, we can arrange contact between both student and accommodation provider, either by phone, email or Skype.

All our accommodation providers are police vetted and regularly monitored.

### Accommodation options include:

- Homestay
- Hostel
- Motel/Hotel\*
- Flats\*

### Homestay

Homestays provide you with a chance to become part of a New Zealand family. Aoraki Polytechnic police vets, checks and regularly inspects homestay accommodation. There are many options available in homestays. You have the choice of living with or without other international students, and make choices between families with or without children and pets. We will select two families that best meet your needs for you to choose from.

## Hostel

Hostels provide your own locked room with communal lounges, kitchens and bathroom facilities. This is a great option for independent students who like their own space and can cook. This option gives a chance to mix with many people not just students.

## Motel/Hotel

Choose a room to suit your budget. This option will give you privacy, safety and modern facilities with the ease of a central location.

## Flats

If you choose to go flatting you must make your own arrangements. Aoraki Polytechnic can give advice on fees such as bonds, leases, power and phone prices.

While we try to find cost effective options for students, International students should expect the minimum cost for each option to be in the following range:

Homestay Starts at	\$185 NZD per week
Hostel	\$100-\$147 NZD per week
Motel /Hotel	\$113-\$220 NZD per week
Flatting*	\$90-\$150 NZD per week

\*Note - Motels/Hotels and Flatting is arranged by the student independent of Aoraki Polytechnic.

# ACCOMMODATION

## What do people say about Accommodation?

### From reports...

Satisfaction of students with Accommodation placement and Accommodation while studying at Aoraki Polytechnic - 2009  
94% of students surveyed reported that they were happy with the accommodation arranged for them.

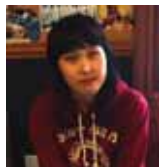

### From students...

"Homestay is not only about accommodation, if it was, a flat or hostel would be convenient enough. But if you're here to learn English I believe you need to experience their life and culture so that you can understand them and their language. Joy has treated me as a "special" family member. For a successful homestay you need to be patient and open minded, you have to communicate and respect cultural differences. I hope there will be many more successful homestay stories in Timaru so international students can thrive in Timaru's beautiful environment." K.H. Lee, Korea

### Eunae KIM – Korea

My homestay family is good, and I am satisfied with them. They are kind to me and we often do activities together. Last weekend we went to my homestay mother's parent's farm, and went swimming. It was fun. I love Timaru.

### Chien Tzng (Elenor) – Malaysia

I enjoy living at the North Haven Hostel, as it is one big happy family of students from different countries.

### Aiko Toda - Japan

The scenery in New Zealand is beautiful, and I quite enjoy it. I have been living in the hostel which is really close to campus and it is really good for me socially. When I go for a walk people usually say "hello" to me. I like that.

### Vinesh Manivannan – India

My accommodation in Timaru was very nice. International arranged my accommodation, and they were very good to me. My homestay host was good and treated us like their own children. They are very helpful in all possible ways. I am very thankful to Aoraki for finding such great accommodation for me.

### From host families...

"We really value being a host family to overseas students, so we can take care of them and offer support and, above all, friendship," Dale said.

"It's a fabulous way to learn about other cultures and we have wonderful conversations around the meal table or playing cards."

**"It's nice for us to have multi-cultural students to stay, but it is also nice for them too – I know how important it is to feel that you are welcome at Aoraki. We can all be big happy families while they study."**

– Host family Gresye and Jack Beans.

# STUDENT STORIES

## Gong Cheng – China English Language

I'm from China. I have been to this school nearly four months now. Timaru is a beautiful and quiet city, and I like studying here. My homestay hosts are like "Kiwi Grandparents" to me. My classmates all come from different countries, and they are all friendly and kind people. If I have problems or need help, they, and my teachers will tell me about the question until I can understand it.

## Nobue Nakano (20 years old) - Aichi, Japan Information Technology

I find the staff at International helpful because of their support for me. While doing my IT course, I was also able to do an English language program during the holiday breaks. They will always talk to my tutors about my classwork, and give help on assignments and tests. Extra tuition is always there for International students that need help. Recently, I did a study skills programme with a tutor, and found his notes really helpful for me.

## Sada Inoko – Japan English as a Language

Now I am working as a science teacher in Japan. I wanted to study English to be a good teacher. For that reason, I made a choice to stay and study in Timaru and now I think I made the right choice.

When I stayed in Timaru and studied at Aoraki Polytechnic, I had very good experiences. In particular, there are many kind and trained tutors. They taught me in a refined way so I could develop my English skill very quickly.

And I should note one more thing, people in Timaru are very kind and welcoming.

**"When I stayed in Timaru and studied at Aoraki Polytechnic, I had very good experiences".**

## Hyma Pitchika – India Beauty Therapy

Hyma Pitchika saw studying beauty therapy at Aoraki Polytechnic as a golden opportunity. The beauty therapist, her husband and son arrived in Christchurch from Hyderabad, India, and eight days later not only had she taken over the ownership of 24 Carat Beauty Therapy in Colombo Street but she had signed on for Aoraki Polytechnic's Beauty Therapy programme. She had run her own beauty parlour in India for 14 years focusing on beauty and hair treatments but when she arrived in Christchurch she took the option of updating her skills and gaining new skills along the way. And it's the internationally recognised qualification offered by Aoraki Polytechnic that Hyma set her sights on.

**"Gaining an international qualification is important to me and for my business."**

## Vanua Geno - Papua New Guinea Certificate in Rural Management Practices

Vanua Geno studied Rural Management Practices at Aoraki Polytechnic in 2007. He is now a Project Coordinator in his third year of a three year project. The project is funded by the Charity Foundation of Australia. His role focuses on working with small scale farmers and providing training in cultivation, monitoring progress, providing guidance in cultivation, crop husbandry, breeding and buying.

**"The knowledge and skills that I got from Aoraki Polytechnic has really helped me a lot in managing this project. The rural sector based project management course helped build me to be able to manage the challenges during my work as a Project Coordinator."**

# TUTOR SUCCESS

**Steve Le Corre**

**Tutor Culinary Arts and Hospitality**

*Captain of New Zealand Culinary Team*

Steve proves the benefits of a wide range of experience. A native of Jersey, he did his training with the world-recognised City & Guilds qualifications, completing his advanced training in pastry. Steve has worked across the world, from five-star hotels in Bermuda to quality restaurants in London. He became executive chef with the Auckland City Life Hotel, part of the Heritage Group before changing career direction and joining Aoraki Polytechnic as Cookery tutor and team leader for Hospitality. More recently, in 2009, Steve was a member of the New Zealand team that achieved the first prize at the international Battle of the Dragon competition held in Wales, the equivalent of a culinary Olympics. While competition keeps him in touch with the industry and the ever developing standards required, teaching is his niche.

**Steve is the captain of the New Zealand culinary team which competes internationally.**

**Brian Molyneux**

**Tutor Fashion Design**

As an established designer who has been successful both in Europe and New Zealand, Brian brings to Aoraki Polytechnic a wealth of knowledge and experience in the fashion industry. Brian has designed garments for fashion shows and photo shoots displayed in prominent fashion magazines such as Fashion Quarterly. He has dressed many celebrity personalities including Rachel Hunter, Joan Collins, Dame Catherine Tizard, Dame Malvina Major and Rena Owen. Brian's role at Aoraki Polytechnic gives him an opportunity to explore a different avenue in the fashion industry and support students to bring ambitious goals within their grasp.

**Brian has designed garments for fashion shows, magazines and dressed celebrities.**

**Ian Logie**

**Tutor Outdoor Education**

Outdoor education tutor Ian Logie recently achieved New Zealand distinction in his field by being awarded the Outdoor Instructor of the Year Award. Ian and his team of tutors head one of the country's finest outdoor courses.

**Ian was the New Zealand Outdoor Instructor of the year in 2009.**

**Heather Sarin**

**Tutor Arts and Media**

Heather is an internationally-renowned artist first exhibiting at Magdalene College, University of Cambridge, United Kingdom, in 1997 followed by numerous solo exhibitions in Cambridge and London. Her most prestigious exhibition to date has been at J.P. Morgan, Merchant Bankers in London after being chosen to be the first ever solo art exhibitor for the bank as part of their "Shining Star" programme in aid of two children's charities.

**Heather is an Internationally-acclaimed artist.**

# PROGRAMME INFORMATION

## ARTS & DESIGN

### Diploma in Arts and Media (Level 6)

Continue on your path into the creative industries and develop the work begun on the Certificate in Arts and Media (Level 4) with a higher degree of specialisation. You will study core theory and design modules and also specialise in specific career pathways.

### Certificate in Arts and Media (Level 4)

If you're looking for an entry into the creative industries, this Certificate will allow you to explore and develop your creative skills through a combination of core modules and a range of studio courses.

## BEAUTY & HAIRDRESSING

### Diploma in Beauty Therapies and Epilation (Level 5)

The purpose of this programme is to extend your technical skills and knowledge in various fields of beauty therapy and enhance the skills learned from the Certificate in Beauty Therapy.

### Certificate in Beauty Therapy (Level 4)

The purpose of this programme is to produce a high standard of performance in a wide range of beauty therapy skills with a high degree of practical and theoretical work involved.

## BUSINESS & TOURISM

### New Zealand Diploma in Business (Level 6)

You will learn skills and acquire knowledge to effectively participate and manage in a business environment.

### National Diploma in Business Administration (Level 5)

This programme will prepare you for an administrative career anywhere in the world. The programme builds business theory and knowledge from standard office systems to administrative management.

### Diploma in Applied Business (Level 6)

All courses lead to the New Zealand Diploma in Business and include how to participate and manage effectively in the business environment.

### Certificate in International Tourism (Level 4)

The Certificate in International Tourism aims to provide you with all the skills required to gain employment in the tourism industry here and overseas.

Gain practical experience with class trips around New Zealand. Experience the industry through local visits to travel agencies and tourist attractions and educational trips throughout New Zealand.

## HEALTH & EDUCATION

### Diploma in Social Services (Level 5)

You will complete the required papers for the first year equivalent of the Bachelor of Social and Community Work degree at the University of Otago.

### Certificate in Health Studies (Level 4)

The aim of the programme is to provide an opportunity for you to gain a level of academic ability and achievement sufficient to gain entry into further training in health and allied services.

# PROGRAMME INFORMATION

## HOSPITALITY

### *Two Year Cookery Package*

#### Diploma in Professional Cookery (Level 5)

This intensive full year programme develops professional skills in a wide range of preparation and applications for cookery. Programme content is based on both New Zealand and international chef requirements

#### Certificate in Cookery (Level 3)

If cooking and food is your passion then gain the experience and skills you need to work in the industry with this Certificate. You will learn from award-winning chefs in our training kitchen and run a real restaurant on site.

#### Certificate in Professional Restaurant, Wine and Bar Service (Level 4)

This one-year programme provides an exciting opportunity to gain qualifications in a diverse range of hospitality options. Emphasis is on practical training for positions in cafés, wine bars, restaurants, coffee houses, taverns and other food and beverage areas in an ever-expanding industry.

#### Certificate in Patisserie (Level 4)

This programme will teach you the knowledge and skills required for basic patisserie preparations through to the level of culinary arts.

## INFORMATION TECHNOLOGY

#### Diploma in Information and Communications Technology (Level 6)

To provide you with skills capable of the ongoing responsibilities of a computing professional for the administration, development and ongoing support of Information Technology infrastructure.

#### Diploma in Information Systems Development (Level 5)

This Aoraki qualification is equivalent to the first year of the Christchurch Polytechnic Institute of Technology (CPIT) Bachelor of Information and Communications Technology (BICT) degree. You will gain skills in software design and development for desktop and web-based information systems, along with an overview of information systems architecture.

*Note: All programmes subject to internal and external approval*

#### Certificate in Information and Communications Technology (Level 4)

You will develop skills in computing required to further your education in Information and Communications Technology, or enter the workforce in a career that is supported by Information Technology.

## MEDIA

### *Two Year Television Package*

#### Diploma in Television Production (Level 6)

This Diploma is a project-based course with plenty of opportunities for individual initiative which extends your existing skills in creating digital video productions for a variety of media.

#### Certificate in Film and Television (Level 4)

This practical programme adopts a multi-skilled approach to today's fast moving world of broadcast television. We have strong professional links with TV production companies.

### *Two Year Photography Package*

#### Diploma in Digital Photography (Level 6)

This programme builds on the foundation laid by the certificate course and is designed to give you the skill set required of a professional photographer.

While emphasis is laid on the teaching of advanced techniques, scope is also given to students to explore the aspect of photography that most interests you so that by the end of the year you will have established your own photographic style.

#### Certificate in Digital Photography (Level 4)

This programme builds on the foundation laid by the certificate course and is designed to give you the skill set required of a professional photographer.

While emphasis is laid on the teaching of advanced techniques, scope is also given to students to explore the aspect of photography that most interests you so that by the end of the year you will have established your own photographic style.

# PROGRAMME INFORMATION

## MEDIA *continued*

### Certificate in Advertising Design (Level 4)

Today graphic design has become such an integral part of our daily lives that one cannot think of any business that a graphic designer could not add value to. This specialised course is for those who are new to the graphic design industry or people who want to develop their graphic design skills further.

### Certificate in Multimedia and Web Design (Level 4)

The Certificate in Multimedia and Web Design is a practical course which caters for the growing demand for web professionals. You will construct websites, design animated banners/websites, upload websites and learn how online shops and internet marketing work. The course is completely practical and interactive with a step-by-step hands-on approach to help you understand and implement the latest web strategies through a variety of assignments.

### Diploma in 3D Animation (Level 6)

This programme gives you a practical introduction to 3D visualisations and creates a method of navigating in cyberspace.

It is at the cutting edge of digital graphical technology used around the world, from rock music videos through to feature films.

### Certificate in Media Communication (Level 4)

This programme focuses on foundation skills for a career in the mass media communication industry. It incorporates the National Certificate in Journalism (Introductory) and gives you an overview of some of the exciting opportunities available in this dynamic industry.

### Diploma in Journalism (Level 5)

You will learn the basic skills and attitudes necessary for a successful career in journalism.

## OUTDOOR EDUCATION & SPORT

### Diploma in Outdoor Education (Level 6)

You will cover the technical aspects of the New Zealand Outdoor Instructors Association (NZOIA) Stage 2 awards which consolidates student progress gained in the Certificate in Outdoor Recreation (Level 4) and Diploma in Outdoor Instruction and Management (Level 5), with particular regard to maturing leadership skills. You are encouraged to achieve marketable technical, teaching and people skills which will be useful in a variety of work-based situations.

### Diploma in Outdoor Instruction and Management (Level 5)

This is the programme where you can turn your passion for adventuring in the outdoors into the opportunity to get work as an outdoor instructor or guide.

### Certificate in Outdoor Recreation (Level 4)

You will actively participate in a broad range of outdoor experiences at an introductory level, encouraging a high degree of motivation, personal determination and teamwork.

### Diploma in Sport and Fitness (Level 5)

The Diploma in Sport and Fitness aims to advance your knowledge, experience and skills in sport and exercise science. The Christchurch programme is based at QEII Park, a first-class sporting and recreation facility. You have the opportunity to train and study in this world class venue.

## TRADES & AGRICULTURE

### Certificate in Ecological Building and Design (Introductory) (Level 5)

This programme was developed and is delivered in conjunction with the Building Biology and Ecology Institute of New Zealand.

The Certificate in Ecological Building and Design is designed to provide a course of study suitable for people from varying backgrounds who have an interest in the built environment and its effect on the health of people and the natural environment.

# ENGLISH LANGUAGE

With a long history of working with speakers of English as a second language, Aoraki Polytechnic offers students the opportunity to increase English language skills on quality assured, New Zealand registered English Language programmes.

Aoraki Polytechnic offers academic language programmes from elementary to advanced. All English language programmes are delivered in small, mixed nationality groups and taught by qualified English language tutors.

English language programmes are offered at a range of levels from Elementary to Advanced.

While you develop your English language skills, you can take advantage of the range of course activities designed to expose you to the diverse opportunities available in the community.

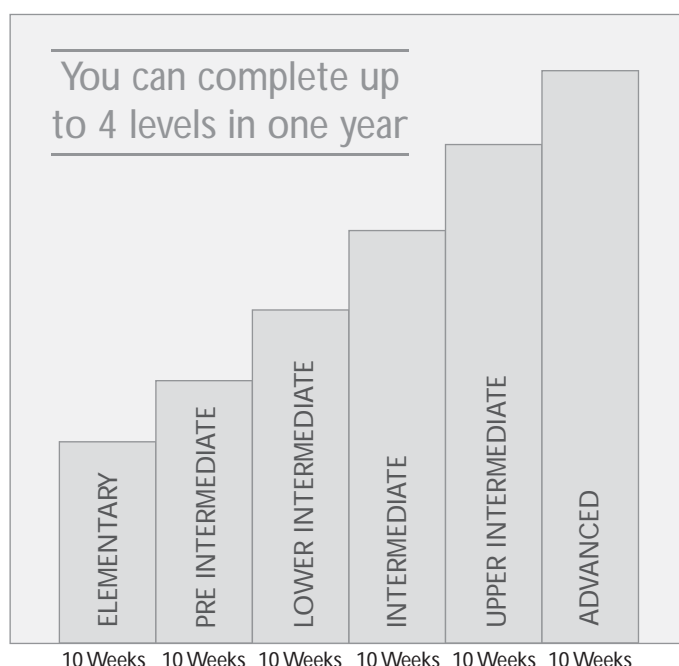

Aoraki Polytechnic specialises in the following range of subject areas. Please talk to us about which subject area is of most interest to you in order to achieve your long term objectives.

**English language skills are of great benefit or required for:**

- Certificate, Diploma and Degree level study
- Employment in New Zealand
- Residence in New Zealand
- Employment Internationally

You can complete up to 4 levels in one year

## Choosing programmes that are right for you

Most programmes have entry criteria. If you do not meet the entry criteria we will help you choose a foundation or bridging programme that may help you gain the skills you will need.

### 4 EASY STEPS TO ENROLMENT

1

#### Step 1.

**You will receive an information and enrolment pack.**

When you make an inquiry we will immediately send you an information pack related to your choice of subject. This will include a detailed information letter, a student handbook, a New Zealand Code of Practice handbook, and an enrolment form.

2

#### Step 2.

**You return the enrolment pack, and Aoraki reviews your application.**

Send back your enrolment form with your programme of choice and supporting documentation.

3

#### Step 3.

**If you meet the programme criteria, you will receive an offer of place and invoice.**

We will review your application and if you meet the programme criteria you will be sent a letter offering you a place and an invoice for your fees.

4

#### Step 4.

**You will receive a letter of acceptance when your fee is paid.**

Once the fees are paid, this will confirm your place on the programme and a letter of welcome and receipt will be sent to you. This can be used to support your VISA application for studying with us here in New Zealand.

### Assistance

*Aoraki Polytechnic's International department will assist you with your application. If you would like any support or guidance with your study choices or completing forms, please contact us directly on phone 0064 3 684 0835 or email [international@oraki.ac.nz](mailto:international@oraki.ac.nz)*

# CODE OF PRACTICE

- High quality care of international students
- Approved by the New Zealand Ministry of Education

The care of international students enrolled with us is of the highest importance. As part of providing excellence in student support, Aoraki Polytechnic is proud to be a signatory to the New Zealand Ministry of Education Code of Practice for the Pastoral Care of International Students.

What does the code mean for students?

The Code is produced by the Ministry of Education to ensure that we provide top quality care to all international students. Signatories to the Code of Practice are carefully audited by the Ministry of Education regularly and must show high quality support for all international students and ethical care and behaviour related to every aspect of time with International students studying in New Zealand at all times.

High quality service to students starts from the first enquiry, through the entire period of the student's study and following on from their study. Every international student enrolled with us is protected by the Code of Practice and the Ministry of Education. Aoraki Polytechnic is proud to be a signatory to the Code of Practice for the Pastoral Care of International Students.

## CODE

Aoraki Polytechnic has agreed to observe and be bound by the Code of Practice for the Pastoral Care of International Students. Copies of the Code are available from the New Zealand Ministry of Education website at [www.minedu.govt.nz/international](http://www.minedu.govt.nz/international).

## IMMIGRATION

Full details of immigration requirements, advice on rights to employment in New Zealand while studying, and reporting requirements are available from Immigration New Zealand, and can be viewed on their website at [www.immigration.govt.nz](http://www.immigration.govt.nz).

## ELIGIBILITY FOR HEALTH SERVICES

Most international students are not entitled to publicly funded health services while in New Zealand. If you receive medical treatment during your visit, you may be liable for the full costs of that treatment. Full details on entitlements to publicly funded health services are available through the Ministry of Health, and can be viewed on their website at [www.moh.govt.nz](http://www.moh.govt.nz).

## ACCIDENT INSURANCE

The Accident Compensation Corporation provides accident insurance for all New Zealand citizens, residents, and temporary visitors to New Zealand, but you may still be liable for all other medical and related costs. Further information can be viewed on the ACC website at [www.acc.co.nz](http://www.acc.co.nz).

## MEDICAL AND TRAVEL INSURANCE

International students (including group students) must have appropriate and current medical and travel insurance while in New Zealand.

It is a requirement in New Zealand for students to have appropriate medical insurance during their time in

New Zealand. To help make this process as easy as possible, Aoraki Polytechnic has included the cost of insurance for the length of your programme in the cost of all programmes.
